NOTICE OF INTENTION TO COMMENCE SMALL MINING OPERATIONS

The informational requirements of this form are based on provisions of the Mined Land Reclamation Act, Title 40-8, Utah Code Annotated 1953, as amended, and the General Rules as promulgated under the Utah Minerals Regulatory Program.

"Small Mining Operations" means mining operations which disturb five or less surface acres at any given time.

* * * * *

I. GENERAL INFORMATION (Rule R613-003-104)

1. Name of Claim/Mine: Eager Beaver
2. Name of Operator/Applicant: Robert L. Zimmerman
Company () Corporation () Partnership () Individual ☒
3. Permanent Address: #4-529 Colorado Ave.
City: Grand Junction State: Colorado Zip Code: 81501-2677
Telephone Number: (303) 241-2968
4. Ownership of Land Surface:
Private (Fee) ☐ Public Domain (BLM) ☐ National Forest (USFS) ☒
State of Utah ☐ Other: GPAA-Gold Prospectors Ass. of America
5. Ownership of Minerals:
Private (Fee) ☐ Public Domain (BLM) ☐ National Forest (USFS) ☒
State of Utah ☐ Other: GPAA

RECEIVED

DIVISION OF
OIL GAS & MINING

Utah Mining Claim Number(s) Serial No. 164972?

Utah State Lease Number(s) _____

6. Have the above owners been notified in writing? Yes ___ No X
If no, why not? ANY member can work any GPAA claim with proper Permits.
7. Does the operator have legal right to enter and conduct mining operations on the land covered by this notice? Yes X No ___

II. PROJECT LOCATION & MAP (Rule R613-003-105)

1. Project Location (legal description):
County(ies): Beaver-Fish Lake National Forest
1/4, 1/4, 1/4: SLBM? Section: 30 Township: T27S Range: R6W
1/4, 1/4, 1/4: _____ Section: _____ Township: _____ Range: _____
1/4, 1/4, 1/4: _____ Section: _____ Township: _____ Range: _____

2. A topographic base map showing the location of the proposed small mining operation must be submitted with this notice. A USGS 7.5 minute series map is preferred. The areas to be disturbed should be plotted in sufficient detail so that they can be located on the ground. It is recommended that the operator also plot and label any previous disturbances in the immediate vicinity that he is not responsible for.

III. OPERATION PLAN (Rule R613-003-106)

1. Type of mining: Surface ☒ Underground ☐
2. Mineral(s) to be mined: Gold
3. Provide a brief description of the proposed mining operation and onsite processing facilities. Mineral Detector and possibly a small 2" Back Pack Dredge or small high banker

New Road(s): Length (ft) Width (ft)

Total project surface acreage to be disturbed 5 (acres)

IV. OPERATION AND RECLAMATION PRACTICES (Rule R613-003-107, 108 & 109)

The reclamation and operation obligation is to keep the area clean and safe, minimize hazards to public safety, return the land to a useful condition, and reestablish at least 70 percent of the premining vegetative ground cover. To accomplish this, the operator will need to perform reclamation concurrently, or at the completion (within one (1) year) of mining:

1. Keep the mining operation in a safe, clean, and environmentally stable condition.
2. Permanently seal all shafts and tunnels to prevent unauthorized or accidental entry.
3. Plug drill holes with a five foot cement surface plug. Holes that encounter fluids are to be plugged in the subsurface to prevent aquifer contamination.
4. Construct berms, fences, or barriers, when needed, above highwalls and excavations.
5. Remove, isolate, or neutralize all toxic materials in a manner compatible with federal and state regulations.
6. Remove all waste or debris from stream channels.
7. Dispose of any trash, scrap metal, wood, machinery, and buildings.
8. Conduct mining activities so as to minimize erosion and control sediment.
9. Reclaim all roads that are not part of a permanent transportation system.
10. Stockpile topsoil and suitable overburden prior to mining.
11. Stabilize highwalls by backfilling or rounding to 45 degrees or less, where feasible; reshape the land to near its original contour, and redistribute the topsoil and suitable overburden.
12. Properly prepare seedbed to a depth of six inches by ripping, discing, or harrowing.
13. Reseed disturbed areas with adaptable species. (The Division recommends seeding 20 lbs./acre of native and introduced species of grass, forb, and browse seed, and will provide a specific species list if requested.)
14. Plant the seed with a rangeland or farm drill, or if broadcast seeded, harrow or rake the seed 1/4-1/2 inch into the soil - fall is the preferred time to seed.

V. VARIANCE REQUEST (Rule R613-003-109)

Yes ☐ No ☒

Any planned deviations from Rules R613-003-107, Operation Practices, R613-003-108, Hole Plugging Requirements, or R613-003-109, Reclamation Practices, as summarized above, should be identified below and justification given for the variance request(s).

<u>Item Number</u>	<u>Variance Request Justification</u>
_____	<u>None</u>
_____	_____
_____	_____
_____	_____

VI. SIGNATURE REQUIREMENT

I hereby commit to conduct mining operations and to reclaim the aforementioned small mine as required by the Utah Mined Land Reclamation Act (40-8) and the rules as specified by the Board of Oil, Gas and Mining.

Signature of Operator/Applicant: Robert L. Zimmerman
Name (typed or print): Robert L. Zimmerman

5/2/91

Joelle Burns-Merals Secretary:

I really goofed - I mailed in the application for a permit for a small mining permit with a Recreational limit restriction. 5/1/91

Eager Beaver Serial #164972-old #
Section 30, T27S, R6W, S4BM, Beaver
County Utah.

The point is I forgot to put in the claim's map which is required so I will mail it in and hope it catches up with the application. Sorry to be so much trouble.

"Sincerely"

Robert L. Zimmerman
#4-529 Colorado Ave.
Grand Junction, Colorado

DIVISION OF
OIL GAS & MINING

EAGER BEAVER

T27S R6W Sec. 30 SLM

Beaver Co., Utah 80 Acres

*Serial # 164972
1989 Beaver Gold No.*

DIRECTIONS: From Beaver, take US 91 north through Manderfield, go north 2 miles and take light duty road that forks to the right just after crossing Manderfield Ditch. Go about 4.5 miles on light duty road up Indian Creek to claim.

MINING COMMENTS & MEMBERS REPORTS: Fine to coarse, small nuggets. Easy access. Banks reported best.

TRUCKEE RIVER

Storey & Washoe Co., Nevada, approx 11,000 acres

DIRECTIONS: Area of Truckee River from Pyramid Lake, South and West to the state line.

MINING COMMENTS AND MEMBERS REPORTS: This section of the Truckee River has been designated as a State owned waterway and is withdrawn from mineral entry. State of Nevada Permits for dredging can be obtained from Division of State Lands, 505 East King St., Room 300, Capitol Complex, Carson City, Nevada, 89710. Permits are subject to approval by various agencies. There is no permit required for panning. For more information, contact: Ed Bittleston, Right of Way Agent for Division of State Lands, (702) 687-4363. **THIS AREA IS NEVADA STATE LAND AND IS OPEN TO THE PUBLIC.**
